Craft
Society

Three exhibitions showcasing Makers
of the Suffolk Craft Society during 2023

Suffolk
Craft
Society

bookbinding | ceramics | furniture | glass | jewellery & silversmithing | leather | musical instruments | printmaking | sculpture | textiles | wood/turning

The Suffolk Craft Society was formed in 1970 to support individual craft makers in their professional practice and to promote the value and importance of contemporary crafts in the region. It attracts Makers who set absolute standards for themselves and who have achieved a high level of skill with imagination and a sympathetic approach to making.
